About us

SPERAS, founded in Shenzhen, is a high-tech company, producing premium portable lighting equipment. The strong R&D team, production and sales departments are dedicated to ensure the customers get the best lights on the market at a cost-effective price.

Our professional flashlights are suitable for many applications like military, police, law enforcement and rescue workers, but also hunters, outdoor fans and the general public will appreciate SPERAS flashlights.

Focusing on user experience, SPERAS, aims on providing flashlights with excellent product performance and reliable quality tailored to our customers' needs. All SPERAS LED flashlights are manufactured to meet ANSI standards in terms of waterproof rating and impact resistance. We have strict quality control procedures in place to ensure SPERAS customers can rely 100% on our products meeting all advertised specifications.

Currently, our product lines include military & police series, search light series, hunting series, and everyday carry (EDC) flashlights. Our main markets are Europe, North America and Asia but we can serve any markets worldwide.

SPERAS, derives and formulates from the Latin word SPERO which means hope. We hope that SPERAS will light your way.

BLUDIVE, a brand of SPERAS lighting, specializes in the manufacture of scuba diving equipment like: diving torches, diving masks and diving photography equipment etc.

EST MIC

Ultra-slim tail-switch flashlight

Luminus SST12 LED

DESCRIPTION

EST MIC is an ultra-slim tail-switch flashlight powered by a 10440 lithium battery, delivering an impressive maximum output of 700 lumens. Equipped with a Luminus SST12 LED and PMMA optical lens, it achieves a beam distance of up to 138 meters. The flashlight features a discreet USB-C charging port for enhanced waterproof performance, along with a dual direction clip for easy and versatile carry—whether attached to a backpack strap, hat brim, or pocket. Compact, refined, and built for everyday use, EST MIC is the perfect portable lighting companion ready to brighten your day.

EST MAX

High-performance LED Flashlight

CREE XHP50.3 LED

DESCRIPTION

The SPERAS EST Max is a powerful tactical flashlight with a CREE XHP50.3 HD LED. Despite its compact size, it produces a 2500-lumen output with an impressive 279-meter throw, powered by a 10A high-discharging 3200mAh lithium battery. The advanced driver design provides separate use of the tail button or side button to function. USB-C charging offers improved charging speed. This is an utility-type flashlight for police, security, camping, outdoor etc. use.

FEATURES

- Equipped with 1*CREE XHP50 LED, advanced driver, reach to 2500lm, 279m beam distance.
- Compatible 1*18650 customized battery, 10A HDC, 3200mAh
- Type-C charging function: the flashlight can be fast charge within 4 hours.
- Standard Size for police: 30mm head size, 140mm length, the tube size is 25.4mm
- Big side button and tail button with simple UI: The tail button could always activate the turbo mode, and the side button and tail button can work respectively
- ITS temperature control system with real-time detection to ensure stable output
- Over-discharge protection, automatically downshift when the battery is low.
- Reverse polarity protection to protect from incorrect battery installation.

U1

Multifunctional Clip Light

Spotlight + Floodlight + RGB Mode

DESCRIPTION

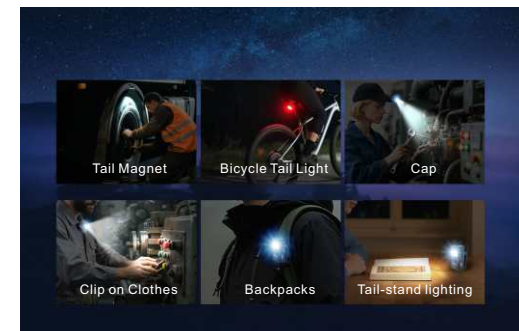

SPERAS U1 is a versatile, multifunctional clip-on light featuring a powerful 500-lumen top spotlight and a convenient front light. Designed with a built-in motion sensor and strong magnetic base, it allows for true hands-free operation—perfect for multitasking in any environment. Its simple yet intuitive user interface makes switching between modes effortless, letting you quickly find the perfect lighting for any situation. The sturdy, easy-to-use clip lets you attach, hang, or carry the U1 with ease, making it a reliable companion for everyday tasks. Whether you're camping, hiking, repairing gear, or just navigating the dark, the SPERAS U1 is the ideal EDC light to keep by your side.

M4 (V2)

USB-C MINI Pocket Thrower

LUMINUS SFT40 2.0 LED

DESCRIPTION

SPERAS M4 is a new release EDC flashlight, which utilizes advanced high-performance LED, emits bright light up to 2000 lumens, and reaches 700m. It packs 7 different light modes, Turbo, High, Medium, Low, Strobe, and SOS, with impressive runtime (up to 220hrs at ECO mode). With its user-friendly interface and memory function, this is an ideal flashlight for daily use, camping, etc.

FEATURES

- High transmittance PMMA materials used to create a well-designed TIR lens for an optimal light beam.
- USB-C charging with a smart power indicator system for optimal charge and power status indication.
- High efficient circuit, flicker-free, and a max of 220 hrs. runtime in Eco mode.
- Reverse polarity protection to avoid circuit damage when the battery is incorrectly installed.
- Over charge/discharge protection to extend battery life.
- Lock function to avoid unintended operation.
- Aerospace 6061 Aluminum Alloy with Type III Hard-anodizing for a durable and anti-abrasive flashlight.

P4

Powerful Search Flashlight

3 PCS OSRAM P9 LED

DESCRIPTION

The SPERAS P4 is a high performance LED flashlight with 4000lm max output that utilizes 3pcs imported OSRAM LEDs. Users can switch between the 7 brightness settings. Powered by a 21700 Lithium 5000mAh battery, a maximum runtime of 167H can be achieved. It's an ideal flashlight for searching, rescue or other outdoor activities with the compact size and functional user interface. With the Lockout function, users can be assured that the flashlight will not unintentionally power on when put in the pocket or bag.

FEATURES

- 3 OSRAM LEDs (max 4000lm with 288m beam distance), compact and powerful.
- Compatible 1*21700 5000mAh battery, provide long runtime for max 167 hours at ECO mode.
- Type-C charging function: the flashlight can be fast charged within 3 hours.
- Power bank function: the flashlight could be used as a power bank to charge various electronics.

SH16

Versatile Rechargeable Flashlight / Headlamp

Luminus SFT40.2 LED

DESCRIPTION

SPERAS SH16 is a powerful right-angle flashlight powered by a 18350/16340 or a CR123A battery with a maximum output of 1650lm. With advanced optical technology and a highefficiency driver, it has a 355-meter long range in a compact size. The SH16 can be used as a handheld light with a magnet tail to free hands and a headlamp with a head strap, making it powerful, reliable, and vital for multiple applications in low-light environments.

FEATURES

- ▣ High performance: 1650lm, 355m beam distance.
- ▣ One-step to ECO and Turbo, simple user interface.
- ▣ Type-C fast charging.
- ▣ 4-levels power indicator system, clearly tell the remaining power
- ▣ High efficient circuit, flicker-free, and a max of 85 hrs. runtime in Eco mode.
- ▣ Reverse polarity protection to avoid circuit damage when the battery is incorrectly installed.
- ▣ Over charge/discharge protection to extend battery life.

SH20

Versatile Rechargeable Flashlight / Headlamp

High-performance LED

DESCRIPTION

The SPERAS SH20 is a high-output flood headlamp offering soft, even illumination that reduces eye strain and ensures clear close-range visibility. Ideal for industrial sites, maintenance, search and rescue, camping, and night running, it delivers up to 3000 lumens for bright, uniform lighting. Its 5-lumen flood mode is perfect for close-up tasks and reading. The removable dual-direction clip allows hands-free attachment to pockets, straps, or hat brims, and the magnetic tail cap attaches to metal surfaces—ideal for maintenance and job-site use.

FEATURES

- High performance: 3000lm, 173m beam distance
- One-step to ECO and Turbo, with a simple user interface.
- Type-C fast charging
- 4-level power indicator system clearly tells the remaining power
- High efficient circuit, flicker-free, and a max of 300hrs. runtime in Eco mode.
- Reverse polarity protection to avoid circuit damage when the battery is incorrectly installed.
- Overcharge/discharge protection to extend battery life.

- Non-rechargeable battery Protection
- Type C 2A 2-slot
- Suitable for 21700, 18650, 16340, 14500, Ni-MH, Ni-cd battery etc.

i4

- LED Indicator
- Single channel Control
- Short-circuit protection
- Reverse Protection
- Non-rechargeable battery Protection
- Type C 2A 4-slot
- Suitable for 21700, 18650, 16340, 14500, Ni-MH, Ni-cd battery etc.

D4S

- LCD Indicator
- Single channel Control
- Short-circuit protection
- Reverse Protection
- Non-rechargeable battery Protection
- Type C 2A 4-slot
- Suitable for 21700, 18650, 16340, 14500, Ni-MH, Ni-cd battery etc.

ZT20

- LCD indicator
- Support test battery capacity
- Single channel Control
- Short-Circuit Protection
- Non-rechargeable battery protection
- Type C 2A 2-slot
- Suitable for 21700, 18650, 16340, 14500, Ni-MH, Ni-cd battery etc.

PD21700

- LCD indicator
- Can use as a powerbank to charge electronics
- Single channel Control
- Short-Circuit Protection
- Non-rechargeable battery protection
- Type C 2A 2-slot
- Suitable for 21700 (even 21700 has Type C port), 18650, 16340, 14500, Ni-MH, Ni-cd battery etc.

ALL4

- LCD Indicator
- Single channel Control
- Short-circuit protection
- Type C 2A 4-slot
- Suitable for 1.2V Ni-MH/Ni-Cd: AA/AAA; 1.5V Li-ion: AA/AAA

N18

1.5V Li-ion AA/AAA
1.2V Ni-MH AA/AAA

RMC-V2

Remote pressure switch
Fit for EST, TH11, TH12, T1 V2, T217

RC14

750mAh 14500
Lithium Battery with USB-C charging

RC26

2600mAh 18650
Lithium battery with USB-C charging

RC34

3400mAh 18650
Lithium battery with USB-C charging

S34

3400mAh 18650
Lithium battery

EB31

3100mAh 18650
Lithium battery

PB11

1100mAh 18350
Lithium Battery 6A HDC

PC38

3800mAh 18650
Lithium battery with 12A HDC

S50

5000mAh 21700
Lithium Battery, LG cell

AAC

1800mAh 1.5V
Input: DC5V 325mA/
USB-C Rechargeable
Lithium-ion Battery

LTH35

3500mAh 18650
Lithium Battery
Low Temperature
High Performance

LTH45

4500mAh 21700
Lithium Battery
Low Temperature
High Performance

OUR WARRANTY

- ✧ Speras flashlight: 5 years
- ✧ Bludive flashlight: 2 years
- ✧ Pistol light: 1 year
- ✧ Charger: 1 year
- ✧ Battery: 1 year
- ✧ Other accessories: 1 year

If your SPERAS product has any defect as the result of the materials or workmanship we want to make it right!

Within 30 days of purchase: Return the product to the retailer you purchased it from and they will replace or repair it .

Within 5 years of purchase: Return the product to SPERAS and we will repair or replace (if the product can not repair well) it as long as the light is not working because of factory defects. This does not include obvious user wear or extreme damage.

After 5 years of purchase: Return the product to SPERAS and we will repair or replace it. We will assess the fees involved and will let you know once we receive it.

Note: Our warranty principle is that we only warranty the part that is damaged. For example, If the flashlight is broken, we will do warranty to the flashlight, not include the box, batteries, or other accessories.
